

DIFFERENCE MAKER AWARD APPLICATION

What sets Difference Makers apart?

Ideal candidates are individuals with a deep commitment to their community and a willingness to put in the work to make things happen. A community can be defined as a geographic community or having a particular characteristic in common, a cultural community.

They are community champions who positively impact their communities by finding creative solutions, developing and strengthening networks, or showing high levels of resourcefulness. Candidates are on the frontlines of making things happen or those who are at the edge of something game changing.

They are the people who may or may not have had a seat at traditional leadership tables, but they move their community forward regardless. Candidates may not have been formally recognized or celebrated, but they are considered key difference makers by others in their community.
